TRADITIONS

At Cameron Highlands Resort, the lush, cool landscape of this mountain retreat has served as an enchanting luxury getaway for generations. From the time of British colonial Malaya to the present day, this destination – with its rolling hills, majestic vistas and abundant flora – has been a balm to the spirit and salve to the soul. Delve into the trails, tales and traditions that this highland gem has to offer.

ENJOY A DELECTABLE SPOT OF ENGLISH AFTERNOON TEA

The resort's Jim Thompson Tea Room – reimagined with the old-world charm of a colonial plantation, is a cosy retreat at any time of the day.

The elegant setting certainly makes this the perfect spot for the time-honoured tradition of English afternoon tea. Sit back, relax and savour finger sandwiches, light-as-air pastries and home baked scones as well as fresh Cameron strawberries.

SAVOUR FRESHNESS AT GONBEI

The hotpot experience at Cameron Highlands Resort showcases the essence of freshness using delicious and daily picked vegetables from the nearby farms of the highlands.

Here at the resort's Gonbei restaurant, one can taste the delightful crunch of freshly harvested cabbages, carrots and tomatoes, as well as fresh meats and fish - a pure indulgence that few urbanites can claim to enjoy.

TAKE IN A ROMANTIC PICNIC AT THE BOH TEA GARDENS

Take an intimate stroll through lush tea bushes on a private appreciation tour on the cultivation of tea.

Discover in person, the intricate process that transforms tea leaves into a delicate brew that tantalizes the palate.

Then, be swept away with a sumptuous picnic surrounded by the timeless scenery of rolling tea-laden hillsides.

SAMPLE THE RESORT'S SIGNATURE CAMERONIAN JAM

Strawberries – sourced from the nearby farms – become the star of the afternoon teas in the house made Cameronian jams.

Deceptively simple with a list of ingredients that lists lemons, sugar and strawberries, the jam's secret lies in ten long hours of gentle stirring and cooking to produce a slightly runny and flavourful texture bursting with rich fruit.

This is paired with scones baked to golden perfection, with mini tartlets, trifles, sandwiches and the signature teas of the highlands.

NURSE A NIGHTCAP AT THE FIREPLACE

In the afterglow of dinner, the resort's fireplace becomes the perfect venue for a drink, with an extensive selection of whisky, cocktails and drinks in a warm and comfortable setting – very much in the traditional custom of the highlands.

Relax to the tinkling of ivories from the resident pianist and curl up for a cosy evening with your loved ones.

CELEBRATE THE ANNUAL CHRISTMAS TREE LIGHTING

The year-end Christmas Tree Lighting offers guests the ideal atmosphere (and temperatures) to partake in year-end traditions by the fireplace, Christmas carollers and of course, the light-up of a magnificent stretch of pine trees fronting the resort.

Luxuriate in the cool climate and snuggle in with a delicious feeling of Christmas to end your year on a high.

TEE OFF AT 5,000 FEET ABOVE SEA LEVEL

Embraced by the highlands' rich foliage, the Cameron Highlands Golf & Country Club is an 18-hole, par 71 dream, with the crisp mountain air making every stroke an invigorating one.

At this elevation, your game of golf takes on different dimensions, with the entire 6,101-metre length winding through the vantage points and valleys.

Of course, with the resort located directly adjacent to the course, dedicated golfers could even contemplate a couple of full rounds in between breakfast and dinner.

TREK THE JUNGLE WITH ADVENTURES OUT OF THE ORDINARY

Have the forest to yourself by exploring lesser-known trails. Parit Falls and Sungai Pauh are trails where you would see a wider variety of plant life and, if you are really lucky, spot rare woodland creatures. The resort may also customise walks for you.

UNLEASH YOUR INNER SLEUTH AT THE JIM THOMPSON MYSTERY WEEKEND

Over a weekend, participate in a classic whodunit with the Jim Thompson Mystery Weekend in which participating guests will become the protagonists of a murder mystery party.

In between bites of scones with home-made strawberry jam and afternoon teas at the genteel Jim Thompson Tea Room, to dinners at the Dining Room, you will need to hold your mettle as you investigate all the clues leading to the eventual suspect.

PICK THE FRESHEST OF STRAWBERRIES AT NEARBY FARMS

At Cameron Highlands Resort, guests are spoiled for choice at the strawberry fields for a memorable sweet course. Head to a private orchard; set over three acres of lush green foliage which grows over tens of thousands of this delicious fruit annually.

REJUVENATE IN A TEA BATH

Feel the urban realities dissolve through a relaxing soak in tea. The bathing ritual is the prelude to a journey of rejuvenation at the resort's Spa Village.

Through a heavenly soak in the tea formulation derived from the highlands' own tea plantation, you can reconnect with your inner self, and feel your mind and body become refreshed.

DETOX THROUGH THE TENGGU BATU HEATED STONE TREATMENT

Drawing from the traditional healing practices, this unique heated stone treatment is a specialty of the resort's Spa Village menu – an incorporation of ancient therapies brought into the modern day.

This practice of heated stones finds its roots in the healing cultures of the local Malay and Orang Asli heritage, helping to detoxify the body by heating up the meridians, breaking down fat and shedding stress, anxiety and worry through its soothing ritual.
